FROM THE

PRESIDENT'S DESK

Dear Friends,

Every dark cloud has a silver lining!!

Despite 2020 being the year of unprecedented challenges, in many ways it opened the doors of several other opportunities.... While adapting to the new normal, I am happy to inform that, we at FLO, have turned this crisis into an opportunity and have been able to move forward in our mission of empowering women.

This month, we signed an MOU with the National Skills Development Corporation. With this partnership with NSDC, FLO plans to reach the vast educated and unemployed women to launch online skill development programmes customised for women with entrepreneurial aspirations.

FLO also organised the first round of virtual consultation under the aegis of the (W7) Women of 7 Continents. Through W7 initiative, FLO proposes to create a worldwide forum for the exchange of information, experience, visibility, and connectivity among women business owners, thereby, setting the stage for new opportunities and joint ventures among women entrepreneurs and business leaders.

FLO has always worked for women at three levels of - grassroots, urban and corporate level. This year, more importantly, every initiative and every project that FLO has undertaken has been driven by the goal of creating a fair and sustainable environment for women.

We are progressing gradually and I envisage a lot more work to reach our mandated goal.

Regards,

Jahnabi Phookan

CHAPTER WEBINARS

FLO President, Jahnabi Phookan as the Guest of Honour PUNE CHAPTER: From Dreams to Reality with Lieutenant General (Dr) Madhuri Kanitkar | October 12, 2020

Speaking at a webinar organised by FLO Pune Chapter on 'From of Dreams to Reality', Lieutenant General Dr Madhuri Kanitkar shared her journey as an empowered woman in an unconventional domain.

India continues to be a patriarchal society, despite living in modern time, a man is still considered the head of the family and woman a home maker. This prevalent more in the rural India...where lot of atrocities are committed against women.

Dr Kanitkar, further added, though

,women are called victims but it's actually the mind of a male which is a victim,". Women may be physically incompatible to men but mentally they can be very strong if they support and lend their voices to one another. Women should speak up for themselves, she added strongly.

Dr Kanitkar, who is the only doctor in the Prime Minister's Science, Technology and Innovation Advisory Council, also spoke about her life in armed forces. She said though armed force is predominantly a male bastion, there are no gender stereotypes. Lauding the efforts of armed forces during the current pandemic, Dr Kanitkar said, "Armed forces has helped expatriates to return from other countries. They also helped in setting up 28 COVID-19 hospitals and testing facilities across the country,".

FLO National President, Jahnabi Phookan was the Guest of Honour and Sangeeta Lalwani, Past Chair Pune Chapter moderated the session.
